

Sonos in your home

Inspiration and Solutions

FLEXSON

ACCESSORIES FOR SONOS

Sonos Move

The durable, battery-powered smart speaker for outdoor and indoor listening.

- Stream over WiFi and connect Move to the rest of your Sonos system at home. Switch to Bluetooth when you're away and offline
- With an IP56 rating, Move stands up to humidity, rain, snow, dust, salt spray, UV rays, and extreme heat and cold
- Enjoy up to 10 hours of continuous play time and deep, powerful sound. Easily recharge Move on the included base, or a compatible USB-C charger.
- Move fits seamlessly into the included charging base and features an ergonomic handle, making it easy to pick up and carry
- Don't worry about accidental drops or bumps. Move's components are protected by a hardwearing, shock-resistant case

SM-WM Wall Mount for Sonos Move

Mount the Sonos Move, securely and safely indoors or out, and free up valuable surface space in your home.

- Suitable for use indoors or outdoors
- Precision engineered. Quick and easy to fit
- Once wall mount is fitted, Sonos Move is easily mounted and removed
- UV resistant silicone rubber protects the speaker
- High grade-steel construction
- Fixing hardware included for Brick/Masonry and Wood/Studwork
- Designed and manufactured in the UK

SM-FS Floor Stand for Sonos Move

The perfect place to charge and listen to the Sonos Move. The speaker is held securely, and is easily removed when you want to take it outside.

- Sonos Move can be charged while on the floor stand
- Positions the speaker at ideal height for seated listening
- Includes adjustable carpet spikes and rubber feet for wood/tiled floors

Sonos One

The smart speaker for music lovers.

- Plays music, radio, podcasts, and more
- The Google Assistant and Amazon Alexa are built right-in so you can play music, check news, set alarms, get your questions answered, and more, completely hands-free
- Enjoy surprisingly rich, room-filling sound from a smart speaker
- Seamless all-black or all-white colour with smooth matte finish for an appearance that fits in any home
- Apple AirPlay-compatible with iOS devices
- Powerful four-core processor for efficiency

Sonos One SL

The powerful microphone-free speaker for music and more.

- The compact design fits just about any space. Put it on your kitchen countertop or tuck it away on your office bookshelf
- Stream sound directly from your iPhone or iPad and ask Siri to play Apple Music
- Two Class-D digital amplifiers perfectly tuned to match the speaker drivers and acoustic architecture
- Adjustable bass and treble controls let you customise your sound by individual room or groups of rooms.

S1-WM Wall Mount for Sonos One, One SL and Play:1

Bespoke wall mount for Sonos One, One SL and Play:1 speaker. The base seamlessly fits the speaker, holding it securely wherever you want to wall mount it.

- Precision engineered. Quick and easy to fit and adjust
- Tilts 15° down. Swivels 80° (40° left - 40° right)
- Speaker can be inverted, giving access to controls even when mounted high up
- Simple fitting and easy adjustment
- Available in matt black or matt white finish
- Available in singles or pairs
- Fixing hardware included

S1-FS Floor Stand for Sonos One, One SL and Play:1

Holds a Sonos One, One SL or a Play:1 at the ideal listening height, and comes with a power extension cable included, so it's easier to put the stand in the perfect place in your room.

- Includes power extension cable
 - gives you extra reach to mains plug sockets
- Available in black or white to perfectly match the Sonos One, One SL and Play:1
- Quick and easy to assemble
- Precision engineered in UK
- Available in singles or pairs

S1-AFSX2 2 x Adjustable Floor Stands for Sonos One, One SL and Play:1

Holds either speaker at a range of heights, allowing them to adapt to a range of potential Sonos set-ups. Whether you need to hold your speakers lower or higher than a standard floor stand would, the Flexson Adjustable Floor Stands are ready to serve, in style.

- High-quality floor stands for Sonos One, One SL and Play:1 speakers
- Securely and stylishly holds the speaker at the ideal listening height
- Precision engineered in the UK from superior-grade materials
- Sleek design with neat cable routing
- Quick and easy to assemble
- Stable on any flooring: supplied with both carpet spikes and soft rubber adjustable feet for wood/tiled floors

S1-PFS Premium Floor Stand for Sonos One, One SL and Play:1

The Flexson Premium Floor Stand is the ultimate accessory for the Sonos One, One SL and Play:1 speaker. Beautifully crafted from aluminium, glass, steel and hardwood, it is available in two luxurious finishes.

- Two luxurious finishes:
English Oak and Matt White or American Walnut and Matt Black
- Minimal assembly
- Discreet integral cable management
- Interchangeable feet for carpet or solid floors

SONOS

S1-DS Desk Stand for Sonos One, One SL and Play:1

The Flexson Desk Stand for the Sonos One, One SL and Play:1 speaker is a compact, clever design that angles sound to your ear, provides optimal support for your speaker and adds a stylish flair.

- High-quality desk stand for either the Sonos One, One SL or Sonos Play:1 speaker
- Stylish speaker stand angles sound to your ears
- Provides optimal support for your speaker
- Perfect for office desk, kitchen, bedroom and living room
- Available in black or white to perfectly match Sonos One, One SL and Play:1

S1-CM Ceiling Mount for Sonos One, One SL and Play:1

The Flexson Ceiling Mount for Sonos One and Play:1 allows you to hang your speaker from the ceiling in the ideal place to sound - and look - great.

- Holds a single Sonos One, One SL or Sonos Play:1 speaker 30cm below ceiling
- Speaker can be inverted for access to controls, if required
- Tilt 15° down, swivels 80° (40° right, 40° left)
- Cable routing to ceiling
- Can be attached to extension column
- Designed and manufactured in the UK

Sonos Play:5

Sonos' biggest home speaker with the boldest sound.

- Fills a large room with pure, brilliant sound
- Bold. Pure. Dynamic. Intense. With deep bass that packs a punch
- Uncompromising sound whether vertical or horizontal
- Convenient, ultra-responsive top panel touch controls
- Line-in. Plug in any device you desire
- Streams over wi-fi, not Bluetooth, so the music never stops – even if you get a phone call
- Connect Sonos to an Amazon Echo or Dot, then simply request the music you love
- AirPlay 2 compatible

P5-WM Wall Mount for Sonos Play:5

Bespoke wall mount bracket for the Sonos Play:5 speaker, with tilt and swivel functionality.

- Styled to complement the Sonos Play:5 while remaining discreet
- Strong steel construction securely holds speaker in landscape position
- Tilts down 20°
- Swivels 60° (up to 30° left or right)
- Available in matt black or matt white finish
- Fixing hardware included

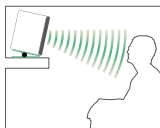

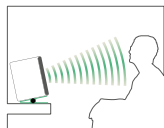

P5-DS Desk Stand for Sonos Play:5

The ideal solution if your Sonos Play:5 is on a shelf, desk or cabinet. Allows you to angle your Sonos Play:5.

- Adjustable - angles the Sonos Play:5 up or down for perfect acoustic alignment
- Non slip anti-vibration feet
- Constructed from Aluminium and finished in black

P5-FS Floor Stand for Sonos Play:5

Puts your speakers at the ideal listening height. Whether you're streaming music to a single speaker, or using a pair of Sonos Play:5 speakers in stereo.

- Horizontal or vertical positioning
- Clever cable management keeps things tidy
- Constructed from aluminium and steel
- Designed and manufactured in the UK
- Simple to assemble
- Available in matt black or matt white finish

P5-PFS Premium Floor Stand for Sonos Play:5

The ultimate accessory for the Sonos Play:5. A modern, elegant design crafted from solid hardwood, aluminium, steel and glass. Allows horizontal or vertical orientation of Sonos Play:5.

- Two luxurious finishes: English Oak and Matt White or American Walnut and Matt Black
- Minimal assembly
- Discreet integral cable management
- Interchangeable feet for carpet or solid floors

Sonos Beam

The smart, compact soundbar for your TV.

- Plays music, TV, movies, and more
- Exceptional dialogue clarity with Speech Enhancement
- Automatically pairs with your TV and remote
- Amazon Alexa voice control
- AirPlay compatible with iOS devices

B-WM Adjustable Wall Mount for Sonos Beam

This premium mount – precision made in the UK – is ideal for secure wall-, ceiling- or under-cabinet-mounting of the Sonos Beam. Tilt functionality allows you to angle the sound exactly where you need it.

- Allows 180° tilt (90° up, 90° down)
- High-grade steel construction for secure mounting
- Easy to fit, with all fixings included
- Black and white versions to match Sonos Beam
- Designed and manufactured in the UK

B-FWM Wall Mount for Sonos Beam

Manufactured from steel and finished in either black or white this practical design will enable you to securely mount your Sonos Beam to your wall.

- Ideal for simple wall mounting
- Securely holds the Sonos Beam
- Access for easy cable routing
- High grade-steel construction
- Black and white versions to match Sonos Beam
- Designed and manufactured in the UK

B-CM Cantilever Mount for TV and Sonos Beam

This premium mount – precision made in the UK – securely holds both your TV and Sonos Beam, and allows the unified pair to tilt and swivel to the ideal viewing/listening position.

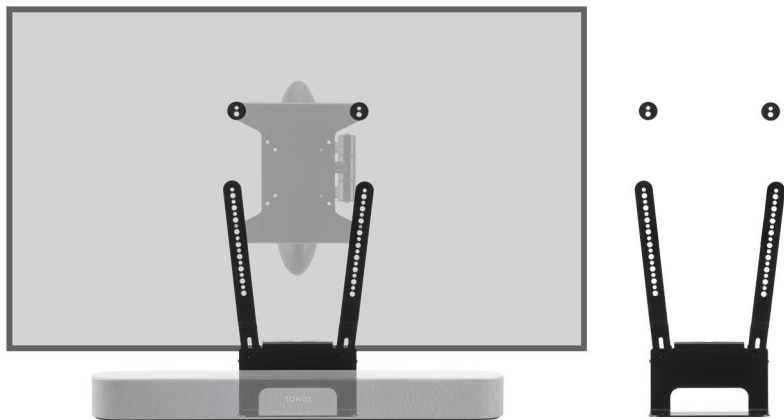

- Easily position your TV and Sonos Beam to the optimal viewing angle; ideal for corner room placement
- TV and Sonos Beam can swivel up to 180° (90° left, 90° right), and can tilt 20° down, subject to TV size
- Securely holds TVs up to 43in, weighing up to 20Kg
- Minimum depth of 80mm with a maximum extension of 400mm; VESA compatibility up to 200x200
- Designed and manufactured in the UK

BPB-CM Cantilever Mount for TV and Sonos Beam or Sonos Playbar

This premium mount – precision made in the UK – securely holds both your TV and Sonos Beam or Sonos Playbar, and allows the unified pair to swivel out to the ideal viewing/listening position.

- Easily position your TV and Sonos Beam or Sonos Playbar to the optimal viewing angle; ideal for corner room placement
- TV and Sonos Beam or Sonos Playbar can swivel up to 180° (90° left, 90° right)
- Securely holds TVs from 40in to 65in weighing up to 40Kg
- Slim depth of 60mm with a maximum extension of 680mm
- VESA compatibility from 200 x 100 up to 600 x 400
- Designed and manufactured in the UK

B-TVMA TV Mount Attachment for Sonos Beam

Designed to easily fit on to a full-motion, TV wall mount, this Flexson mount securely holds your Beam in place, while allowing it to move with the screen – meaning optimum performance with music, movies and more.

- Allows you to fix the Sonos Beam to any existing TV Mount
- Sonos Beam moves with your TV when using a full-motion mount
- 32" min TV Size, 65" max TV size
- VESA Compatibility up to 400 x 400
- Universal fixing kit included
- Designed and manufactured in the UK

B-ATVS Adjustable TV Stand for Sonos Beam

This premium stand allows you to seamlessly mount a TV above the Sonos Beam, keeping the screen visible. Swivel functionality allows for flexible room positioning, including corner placement.

- Precision made in UK from extruded aluminium and high-grade steel; available in black and white finishes to match Sonos Beam
- Securely holds up to 65in TVs, weighing up to 45Kg
- VESA Compatibility up to 800x400; great range of height adjustment
- Integrated cable management
- All TV fixings and tools included in the kit

Sonos Playbar

The home theatre soundbar and streaming music speaker in one.

- Two-in-one. Adds full-theatre sound for your TV. Streams music, too
- Simple two-cord setup. One for power. One for your TV
- Works with your existing TV remote
- Syncs wirelessly with Sub and two Play:1s for 5.1 surround sound
- Works lying flat or wall-mounted
- Streams over wi-fi, not Bluetooth, so the music never stops – even if you get a phone call
- Connect Sonos to an Amazon Echo or Dot, then simply request the music you love

BPB-CM Cantilever Mount for TV and Sonos Beam or Sonos Playbar

This premium mount – precision made in the UK – securely holds both your TV and Sonos Beam or Sonos Playbar, and allows the unified pair to swivel out to the ideal viewing/listening position.

- Easily position your TV and Sonos Beam or Sonos Playbar to the optimal viewing angle; ideal for corner room placement
- TV and Sonos Beam or Sonos Playbar can swivel up to 180° (90° left, 90° right)
- Securely holds TVs from 40in to 65in weighing up to 40Kg
- Slim depth of 60mm with a maximum extension of 680mm
- VESA compatibility from 200 x 100 up to 600 x 400
- Designed and manufactured in the UK

PB-TVMA TV Mount Attachment for Sonos Playbar

The Flexson TV Mount Attachment for Sonos Playbar is designed to easily fit on to a full-motion (articulated) TV wall mount. The Flexson Screen Mount securely holds your Playbar in place while allowing it to move with the screen.

- Mount the SONOS PLAYBAR speaker to any existing full motion mount TV mount
- 40" minimum TV Size
- Vertical and horizontal adjustment allows perfect alignment with screen
- Simple assembly and fitting
- Universal fixing kit included
- Designed and manufactured in the UK

PB-WM Wall Mount for Sonos Playbar

Wall mount your Sonos Playbar with this discreet solution. Once the mount is attached to the wall the Playbar simply slots securely into place.

- Ideal for simple wall mounting of the Sonos Playbar
- Flat to wall design, can be installed above or below TV
- High grade-steel construction
- Designed and manufactured in the UK

PB-FWM Flat To Wall Mount for Sonos Playbar

If full motion TV viewing is not needed, the simplest option is always 'Flat-to-wall'. Only 12mm deep, the Flexson Flat To Wall Mount can still be adjusted to align the Sonos Playbar snugly under the TV and, if preferred, the screen can be positioned to align with the front of the Sonos Playbar for optimum visual integration.

- Includes TV Mount, Sonos Playbar bracket and set up jig
- Vertical and horizontal adjustment to align screen
- Sonos Playbar integrates perfectly with the TV
- Fits screens 37" - 55"
- Designed and manufactured in the UK

PB-TVS TV Stand for Sonos Playbar

The Sonos Playbar - the perfect way to add quality Home Cinema to your TV, but what if there isn't much space where your TV is located? Place it in front and it could be unstable sitting over the TV's foot. Flexson has the answer, a stylish steel stand.

- Sit your TV on top, slide the Sonos Playbar underneath and you have a discreet practical solution
- Designed specifically for the Sonos Playbar
- Supports screens up to 50kgs
- Supplied fully assembled
- Designed and manufactured in the UK

Sonos Playbase

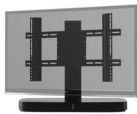

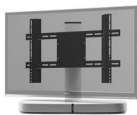

Widescreen sound and music streaming for TVs on stands and furniture.

- Two-in-one. Full-theatre sound for your TV. Streams music, too
- Low profile design that practically disappears. Sound you just can't miss
- Securely supports TVs up to 77 lbs (35 kg)
- Simple two-cord setup. One for power, one for your TV
- Add Sub and two Play:1 rears for wireless 5.1 surround sound
- Streams over wi-fi, not Bluetooth, so the music never stops – even if you get a phone call
- Connect Sonos to an Amazon Echo or Dot, then simply request the music you love
- AirPlay 2 compatible

PB-ATVS **Adjustable TV Stand for Sonos Playbase**

This premium stand allows you to adjust the height and depth of your flat-screen TV, so it seamlessly fits the Sonos Playbase. With swivel functionality, a wide range of height adjustments available, and a design that suits sitting in both free space and in corners, the Flexson Adjustable TV Stand is the most flexible option you can buy.

- Extruded aluminium and high-grade steel construction
- Black and white versions to match Sonos Playbase
- Securely holds up to 65in TVs, weighing up to 45Kg
- VESA Compatibility up to 800 x 400
- Great range of height adjustment
- TV depth adjustment to improve aesthetics or fit into corner

Sonos Sub

The subwoofer for Sonos speakers.

- Adds dramatically deeper bass to any Sonos speaker (or amplified component)
- Zero cabinet buzz or rattle
- Versatile. Place it anywhere. Standing up or lying flat
- One-button setup

SUB-WM **Wall Mount for Sonos Sub**

The Sonos Sub adds bags of bass to your music, TV and movies, underpinning the performance of the Sonos Playbar, Playbase and Beam. But this ace of bass doesn't have to take up floor space: with the Flexson Wall Mount for the Sonos Sub, you can lift it above carpets, skirting boards and more, all without affecting its awesome sound.

- Frees up floor space
- Allows Sonos Sub to be discreetly positioned
- Precision engineered in the UK
- Quick and easy to fit

Sonos Amp

The versatile amplifier for powering all your entertainment.

- Enjoy high-fidelity performance with 125 Watts per channel
- Power your bookshelf, floor-standing, in-wall, and in-ceiling speakers
- Stream everything you love with the Sonos app and AirPlay
- Connect your TV to create the ultimate entertainment system
- Amp is built to last and improve over time

SA-WM Wall Mount for Sonos Amp

Mount it on a wall or even attach it to the rear of your TV – the Flexson Wall Mount for Sonos Amp allows you to best position your Sonos Amp whilst keeping things tidy.

- Allows Sonos Amp to be mounted to a wall, freeing up space
- Cable cover with knock-outs keeps things clean and tidy
- Fits to rear of a TV using VESA mounts
- Colour matched to Sonos Amp
- Steel construction
- Manufactured in the UK

SA-X4WM Wall Mount for 4 Sonos Amps

Free up space with the Flexson Wall Mount for 4 Sonos Amps, the perfect way to wall mount up to four Sonos Amps.

- Holds four Sonos Amps on the wall with concealed cable management
- Hinged design allows rear access to all four units for easy cabling
- Can be locked closed with included security screw or additional padlock
- Colour matched to Sonos Amp
- Steel construction
- Manufactured in the UK

SA-X4DK Dock for 4 Sonos Amps

The Flexson Dock holds up to four Sonos Amps, keeping your install looking compact and tidy.

- Holds four Sonos Amps together with concealed cable management
- Can be desk or wall mounted
- Can be bolted to bottom of a cabinet
- Colour matched to Sonos Amp
- Steel construction
- Manufactured in the UK

Sonos Port

The versatile streaming component for your stereo or receiver.

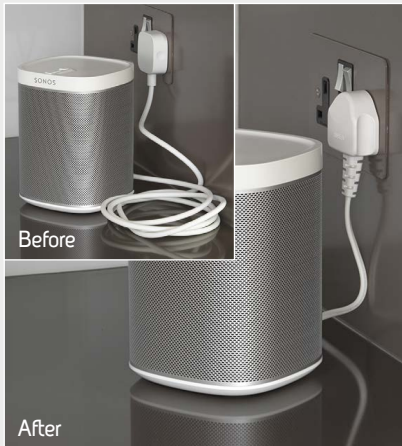

- Connect Port to your traditional stereo to stream music and more.
- Enjoy control with the Sonos app or Apple AirPlay 2
- Easily expand your sound system to more rooms

P-WM Wall Mount for Sonos Port

Once the steel plate is mounted to the wall, the Sonos Port simply slides into position and is held securely. A padlock (not supplied) can also be fitted to prevent unwanted removal.

- Sonos Port can be secured via padlock (not supplied)
- Precision engineered. Quick and easy to fit
- High grade-steel construction
- Available in black to perfectly match the Sonos Port
- Designed and manufactured in the UK

S1-SPC **Short Power Cable** for Sonos One, One SL and Play:1
